Denver, CO, April 14, 2008 – RNL's Denver office has recently added four new employees to its studios to assist with the firm's continuing growth.

Victor Kolouch joined RNL's architecture studio as senior project architect. Kolouch has a master's of architecture from the University of Colorado at Denver and has taught at the University of Colorado Denver. **Melissa Friedland** joined RNL's engineering studio as an intern engineer. Friedland was an electrical and lighting designer at ILA/Zammit in San Diego and has a bachelor's in architectural engineering from the University of Colorado Boulder. **Josh Furman** also joined RNL's engineering studio as an intern engineer. Furman worked for Hydro-Engineering and has a bachelor of mechanical engineering from the University of Wyoming. **Paula Dulin** joined RNL's Interiors Studio. She was an interior designer at SmithGroup Architecture in Arizona and has a bachelor of fine arts from the University of Kansas. Dulin is a member of the National Council for Interior Design Qualification (NCIDQ) and an a Leadership in Energy and Environmental Design Accredited Professional (LEED AP).

In other staffing news, **Komal Kotwal**, intern architect with RNL since 2006, has recently achieved status as a LEED AP, and **Nathan Huyler** is RNL's newest registered architect, having recently successfully completed the Colorado architect registration examination.

RNL is an integrated full service design firm with offices in Denver, Phoenix and Los Angeles. RNL specializes in providing sustainable and energy-efficient design and offers clients a continuum of design services including architecture, interior design, landscape architecture, urban design and planning, and engineering.
