KEN ANDERSON PROMOTED TO ASSOCIATE

PHOENIX, AZ -- RNL Design announced the promotion of **Ken Anderson** to **Associate**. A project manager and project architect, he has been with the firm for the past four years. The promotion was made in recognition of his outstanding project management, client service and community participation.

Anderson came to RNL from Washington, D.C. where he was client manager and project manager to Bell Atlantic for Kvell Corcoran Associates. Throughout his career, he has been recognized for his work on many projects, including his participation in the Columbia Heights neighborhood Metro Station Development in Washington, D.C. and the Qwest Gilbert Central Office Building Addition in Gilbert, Arizona.

Since joining the firm in 2000, Anderson has committed to a multi-disciplinary approach to architecture that, together with the layering of spaces, creates flexible, functional design for the user. His extensive background ranges from transportation facilities and call centers to higher education, urban living and urban design. His current projects include **The East Valley Bus Operations and Maintenance Facility**, **Town of Jerome Revitalization Master Plan** and the **McDowell Road Streetscape Master Plan in Phoenix**.

Anderson received his Bachelor of Science in Architectural History degree from the University of Virginia and also holds a Master of Architecture from Virginia Polytechnic Institute and State University in Blacksburg, Virginia. He is currently a member of the Nominating Committee for the Phoenix Community Alliance and sits on the Urban Design and Planning Development Board for the Roosevelt Central Committee, focusing on the growth and development of downtown Phoenix.

RNL Design is an integrated, full service architectural firm with offices in Phoenix, Denver and Los Angeles, serving clients locally, nationally and internationally. Since its inception in 1956,

RNL has built its practice providing innovative design solutions to clients, exceeding their needs and bringing ideas to life. RNL offers clients around the world a continuum of design services, including architecture, interior design, facility programs, feasibility studies, urban design and planning, landscape architecture and engineering. Testimony to RNL Design's success are the many partnerships with clients spanning several decades and many prestigious awards. For more information, visit www.rnldesign.com.
