**RNL NAMED ONE OF THE TOP 10 ARCHITECTURE FIRMS TO WORK FOR IN THE U.S.
*Only Colorado-based firm named in the national survey***

Denver, Colorado, October 5, 2006 – RNL Design was ranked number eight on a national survey of the best architecture firms to work for in the U.S. Headquartered in Denver with offices in Los Angeles and Phoenix, RNL is the only Colorado-based firm to make the top 20 listing. The survey was conducted by Zweig White, the nation's leading source of management consulting, information, and education for the design and construction industry. The firms were selected based on their commitment to provide a positive work environment and challenging and interesting design opportunities for their employees.

RNL is celebrating its 50th anniversary in 2006. Its recently completed projects include the Elati Light Rail Facility, and the LEED-Silver certified Colorado Springs Utilities Environmental Services Laboratory in Colorado Springs, Colorado. The firm is also in the midst of opening an international office in Dubai, United Arab Emirates.

RNL offers clients a continuum of design services, including architecture, interior design, landscape architecture, urban design and planning, and engineering.
