### **RNL adds new staff to its Denver office**

**August 13, 2008 – Denver, CO** – RNL announces the addition of five new staff members to its Denver office.

**Bradford Bull, AIA, LEED AP**, joined RNL as a senior project manager and associate in the architecture studio. Brad's most recent experience was with JG Johnson Architects in Denver as principal and project manager. Brad graduated from the University of Colorado at Denver with master's degrees in architecture and landscape architecture. Brad is also NCARB certified and is involved in many Denver area community organizations. He is a City Center Housing Council member for the Downtown Denver Partnership, volunteers on several AIA committees including the Committee on the Environment, and is a construction volunteer for Habitat for Humanity. Brad has also written numerous articles on green building technology.

**Omar Baghdadi** joined the UD/LA Studio as an urban designer. Omar is currently a Ph.D. candidate in Architectural History at the University of Michigan. Omar has taught at several institutions including Cairo University, the American University in Cairo, and the University of Michigan. Omar has worked for several Middle Eastern-based firms, most notably as a senior urban designer for EHAF Consulting Engineers in Cairo, Egypt and Abu Dhabi, United Arab Emirates where he participated in a wide variety of projects in Egypt, Saudi Arabia, Dubai, Abu Dhabi, and Doha. He has participated in domestic and international design competitions and often speaks as a guest lecturer about the history of modernism in the Middle East, contemporary Middle Eastern architecture and urban design. Omar received a bachelor's of architectural engineering from Cairo University and a master of urban design from the University of Michigan.

**Ryan Knope** joined RNL as a 3D/graphic designer. Ryan previously worked for Hospitality Services, Inc. where he was a 3D artist/ animator and helped lead the company in a new direction of realistic visualization. Ryan has won many awards for his creative work.

**Nathan Gulash** joined the Architecture Studio as an architectural intern. Nathan received his master's in architecture from the University of Michigan. Nathan taught classes in construction, introductory visualization skills and technical drawing while attending the University of Michigan. Nathan is handling project coordination and construction administration for various projects including One Steamboat Place, a large resort facility.

**Daniel Bloor** joined RNL as the network administrator. He is a Microsoft Certified Systems Engineer. Daniel attended Southern Methodist University (SMU), the Peabody Conservatory, and Boston University and has more than nine years of network administration experience.

In other staffing news, **Kristian Barowsky**, architectural intern, and **Jennifer Toll**, senior project architect, passed the examination for the designation of LEED AP (Leadership in Energy and Environmental Design Accredited Professional) administered by the USGBC (U.S. Green Building Council).

RNL is a global, full-service design firm specializing in sustainable, integrated design. RNL offers a continuum of design services, including architecture, interior design, landscape architecture, urban design and planning, and engineering. RNL has offices in Denver, Phoenix, Los Angeles, and Abu Dhabi, United Arab Emirates. For more information, please visit [www.rnldesign.com](http://www.rnldesign.com).
