YOUNG ARCHITECT MOVES UP

Douglas A. Spuler Promoted to Principal

DENVER, CO -- RNL Design announced the promotion of architect Douglas A. Spuler, AIA to Principal. In this role, Spuler will lead the church facility market and oversee all church and para-church facilities for the firm. The promotion was made in recognition of his outstanding client service, design innovation, project leadership, contribution to the RNL organization and community participation.

Since joining the firm in 1994, Spuler has masterplanned and/or designed more than thirty church projects, as well as several mixed-use residential and parking facilities, transportation facilities, government facilities, hotels and entertainment venues. His extensive portfolio of diverse projects features church facilities with large congregations of over 5,000 worshippers, including performance arts facilities, campuses of mixed-use buildings and complete urban villages. Spuler has also led RNL Design's effort in expanding the use of new technology in the design of churches and is responsible for developing some of the most sophisticated 3-D Computer Animations available. Key projects include **Faith Bible Chapel Worship Center, 15th & Pearl Mixed-Use Facility** and **Park City Old Town Transit Center**. His current projects include international work for **First Alliance Church**, and a host of other projects all across the country: **Calvary Assembly of God, Faithbridge Church, Damascus Road Community Church, Southeast Christian Church, Crossroads Covenant Church, Hope Chapel, and High Desert Church**.

Spuler received his Bachelor of Architecture degree from Virginia Polytechnic Institute and State University in Blacksburg, Virginia. He has also been an active board member and the past president for three consecutive years with the Samaritan Counseling Center – part of an international faith-based mental health and counseling ministry.

RNL Design is an integrated, full service architectural firm with offices in Denver, Phoenix and Los Angeles, serving clients locally, nationally and internationally. Since its inception in 1956, RNL has built its practice providing innovative design solutions to clients, exceeding their needs and bringing ideas to life. RNL offers clients around the world a continuum of design services, including architecture, interior design, facility programs, feasibility studies, urban design and planning, landscape architecture and engineering. Testimony to RNL Design's success are the many partnerships with clients spanning several decades and many prestigious awards. For more information, visit www.rnldesign.com.
