ELATI LIGHT RAIL MAINTENANCE FACILITY WINS A GOLD BUILDING TEAM PROJECT AWARD FROM BUILDING DESIGN & CONSTRUCTION MAGAZINE

Denver, Colorado, May 26, 2005 – The project team that designed and constructed the recently opened Elati Light Rail Maintenance Facility has won a gold award from Building Design & Construction magazine for building team excellence. The award is based on excellence in design, engineering, construction, and superiority in collaborative teamwork. RNL Design, the design architect, interior architect and architect of record for the facility, submitted the winning entry. Additional team members include Maintenance Design Group as Project Manager and Planner, Carter Burgess as structural, mechanical and electrical engineer, and M.A. Mortenson as the general contractor. The facility, located on the city boundaries of Denver and Englewood, is owned by the Regional Transportation District. More than 100 entries were submitted from across the country. The award winning teams are profiled in the May 2005 issue. The Elati project award information is available online at <http://www.bdcnetwork.com/article/CA600195.html>.

RNL Design is an integrated full service architectural firm with offices in Denver, Los Angeles and Phoenix, serving clients locally, nationally and internationally. Since its inception in 1956, RNL has built its practice providing innovative design solutions to clients, surpassing their expectations and bringing ideas to life. RNL offers clients a continuum of design services, including landscape architecture, urban design and planning, architecture, interior design, and engineering.
